

Dear Hiring

I am writing to express my interest in the Frontend Developer position at your company. Based in Baku, Azerbaijan, I bring over 3 years of hands-on experience in building modern, scalable, and SEO-optimized web applications using Vue.js 3 and Nuxt.js 3.

I'm especially impressed by your focus on open-source innovation and scalable platforms, and I believe my experience with SSR/CSR, Tailwind, and TypeScript aligns well with your technical stack. My recent projects, including an SEO-optimized movie streaming platform and a modern e-commerce SPA, reflect my dedication to performance, accessibility, and clean architecture.

I'm excited about the opportunity to contribute to your team and bring my enthusiasm and skills to your projects.

Best regards,
Fuad Aghayev
