

Dear Hiring Manager,

I am writing to express my interest in the Frontend Developer position at your company. Based in Baku, Azerbaijan, I bring over 3 years of hands-on experience in building modern, scalable, and SEO-optimized web applications. My expertise lies primarily in Nuxt.js 3 and Vue.js 3, along with a strong understanding of SSR, CSR, and SSG architectures.

Throughout my career, I have developed responsive and accessible web solutions, focusing on performance optimization and seamless user experiences. I have practical experience working with frontend tools such as Tailwind CSS, Pinia, and TypeScript, as well as backend technologies like Node.js, Express, and various databases, which helps me build well-rounded applications.

Among my projects, I have created an SEO-optimized movie platform inspired by Netflix and a modern e-commerce SPA, both showcasing my skills in Vue.js, Nuxt.js, and CI/CD deployments. As a self-taught developer, I am passionate about continuous learning and staying up to date with the latest web technologies.

I am excited about the opportunity to contribute to your team and bring my skills and enthusiasm to your projects. Thank you for considering my application.

Best regards,
